

Quiz 4

1.

```
{
  "message": "string",
  "history": [
    {
      "sender": "string",
      "text": "string"
    }
  ]
}
```

message is the user's current message, and history is an array of objects, each having two fields: the sender and the text.

2.

Message 1:

```
{
  "message": "Hello",
  "history": []
}
```

Message 2:

```
{
  "message": "What time is it?",
  "history": [
    {
      "sender": "User",
      "text": "Hello"
    },
    {
      "sender": "Bot",
      "text": "Good day"
    }
  ]
}
```

Message 3:

```
{
  "message": "I should go!",
  "history": [
    {
      "sender": "User",
      "text": "Hello"
    },
    {
      "sender": "Bot",
      "text": "Good day"
    },
    {
      "sender": "User",
      "text": "What time is it?"
    },
    {
      "sender": "Bot",
      "text": "9:00 AM"
    }
  ]
}
```
